

ADC ESSE PRODUTO A CATEGORIA CREALITY K1 K1C VERMELHO ESCURO

Bico Unicorn Original 0.4mm Creality K1C / K1 Max / Ender 3 V3 - Kit 2pcs

CREALITY

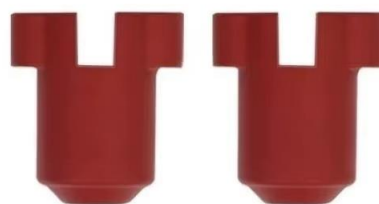

2pcs

For: Creality K1C

Ender 3 V3

Ender 3 V3 Plus

Enlarged nozzle chamber supporting high-speed printing

*240°C printing temperature test data

Max flow rate

30 mm³/s

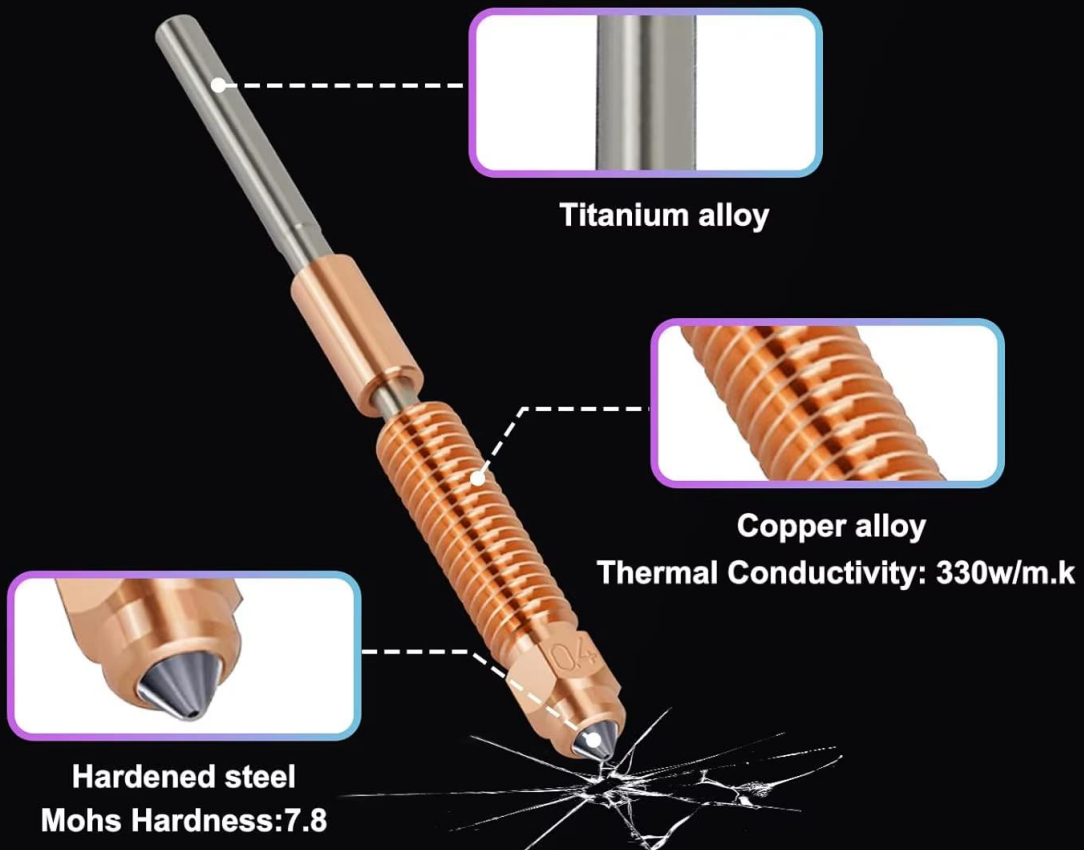

Max speed

600 mm/s

Tri-metal K1C Integrated Nozzle

The durable steel-tipped copper nozzle is integrated with a titanium alloy heatbreak. Support the printing of various filaments.

All-metal integrated design for rapid assembly and disassembly

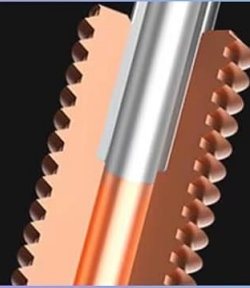

The nozzle and heat break adopts an all-metal integrated design, facilitating quick disassembly and convenient replacement.

*Before changing the nozzle by hand, make sure the nozzle is fully cooled.

Precision Craftsmanship,Crafted with ingenuity

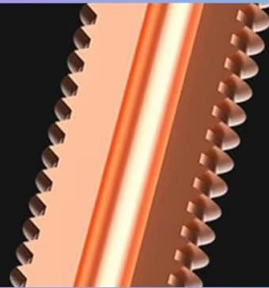

Tight fit, no leakage

Tightly fit joints effectively prevent filament leakage during printing.

Smooth inner walls no blockage

Inner hole roughness $Ra < 0.4$ ensuring smooth filament feeding.

Precision machining, impeccable craftsmanship

No burrs at the opening,
stable printing with reduced clogging.

ADC ESSE PRODUTO A CATEGORIA CREALITY ENDER 3 SERIES VERMELHO CLARO

Kit 4 Molas Reforçadas Amarelas para Nivelamento - Ender 3 e Série CR-10
